Dear Parents:

I am again blown away by the support we have received for this hot lunch program! The high school students continue to enjoy planning and preparing these meals, and I have loved the sense of community we have fostered through the process. Thank you so much to the parents that have so faithfully helped out with this program, I have enjoyed getting to know you all, and so appreciate the effort you have put in! As always, we need volunteers! We need 3-4 parent volunteers each week for the program to run smoothly and get the meals out to the classes on time. If you are able to help any of the following weeks either from 11-12 or 12-1, please put your name and phone number or email beside the appropriate date, indicating what time you are available. Thank you again for your support, without your orders, this program would not be possible. The community of families at this school is a blessing to me and my family every day, and I am so grateful for you all. If you have any questions, please don't hesitate to contact me at the school.

Sincerely,

Mrs. R. Dyck
